KOTARO NAKAMURA, AIA

Roesling Nakamura Terada Architects

Kotaro Nakamura has diverse experience including architectural design, master plans, interior design and industrial design. He has worked on several projects that have involved complex programming, engineering studies and computer analysis of project cost control. He has served as Principal-in-Charge and Principal Designer for numerous projects and his work has been recognized by the American Institute of Architects with several Design Awards. Mr. Nakamura is a founding partner and has been a Principal at the firm since 1983. He has been teaching architectural design at San Diego State University since 1980.
