RALPH J. ROESLING, FAIA

Roesling Nakamura Terada Architects

Ralph J. Roesling has 30 years of experience in all phases of architecture and planning. He has served as Principal-in-Charge, Project Architect and Principal Designer for various project types from office and retail uses to educational, civic buildings and residential. Mr. Roesling has directed many major architectural and planning projects for private, governmental and institutional clients throughout California and abroad. He has extensive experience in assessment and evaluation of existing structures for reuse and redevelopment projects. His architectural projects have won several Honor Awards from the American Institute of Architects and an Orchid Award. He has lectured locally as well as abroad in Japan and Italy. He is a design faculty member of Woodbury University, and the NewSchool of Architecture in San Diego.
